

S14	1:45-2:00	Ryan Anderson	Lasers	Porous GaN Cladding in Edge Emitting Laser Diodes
S15	2:00-2:15	Nate Palmquist	VCSEL	Recent VCSEL Progress at UCSB

2:15 – 2:25 Coffee Break in the ESB Courtyard

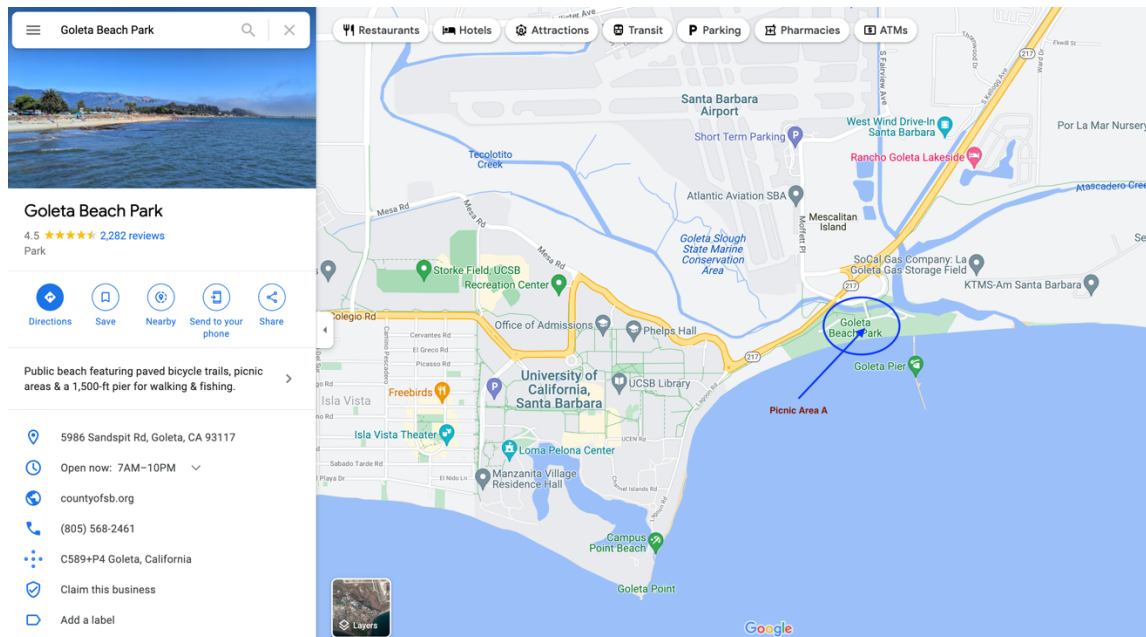

ESB, Room 1001

		Session Chair: Michael Gordon, Professor, Chemical Engineering	Topic	AFTERNOON SESSION II
S16	2:25-2:40	Kai Shek Qwah	Fundamentals	Hole Transport for Unipolar Heterostructures
S17	2:40-2:55	Chris Zollner	UV LED	UV LEDs Part I: Motivation, AlGaN Epitaxy, and Device Architectures
S18	2:55-3:10	Yifan Yao	UV LED	UV LEDs Part II: Improving the Hole Injection for DUV LEDs
S19	3:10-3:25	Michael Wang	UV LED	UV LEDs Part III: Active Region Performance Improvements
S20	3:25-3:40	Sai Mu	Fundamentals	First-principles studies of novel nitrides: ScN, YN, and LaN

3:40 BBQ at Goleta Beach + Awards Ceremony with SSLEEC Faculty

**Goleta Beach, Group A picnic site
5986 Sanspit Road, Goleta, CA 93117**

As you enter Goleta Beach, you are looking at Group A picnic tables. Turn right into the parking lot and park your car.

GUEST WIFI REGISTRATION: UC Santa Barbara guests can now join our on-campus wireless network. Guests no longer need a UCSBNetID to access wireless services. All you need to do is pick “UCSB Wireless Web” from the list of network options and select “Guest Registration” under the credential login. Once you register, you will receive a SMS/text message with a username and password, enabled for a seven-day connection.

Thank you for participating in this year’s conference!
